

British Community Foundation Council Online Discussions – Key Decisions

July 2025

The Council approved an updated Investment Policy Statement which sets out how some of the British Community Foundation's assets will be invested to ensure the Foundation is sustainable in the long term.

The Council agreed to develop a WordPress website and to recruit a new Enforcer, working part-time and at a lower salary point, from January 2026.

The Council also agreed that the Foundation would be regulated by the Qatar Financial Centre: we will request that the British Community Fund is removed from the Charity Commission Registry for England and Wales.

Finally, the Council agreed on initial branding for the Foundation.
